On yesterday the blacksmith from Nelsonville was in town and reported that the party experienced quite a delay there. One of the single trees of the hack broke and they had to wait until a new one was made. On examination it was found that before they left Brenham somebody sawed it nearly three-quarters in two.

The readers of the BANNER will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Burglarized Again.

About two months ago the hardware store of Messrs. Reichardt & Seelhorst was burglarized and relieved of eight or ten revolvers. Night before last it was entered again and the showcase was robbed of four Colt and one Smith and Wesson revolvers, valued at about \$75. A fine stag handle deer-knife was taken from another showcase in another part of the store. The thief must have spent several days in planning the burglary. The only way in which he could have entered was through the third-story windows in the rear portion of the building which were unfastened, and he must have gone up the stairway between Hermann's furniture store and A. & H. Harrison's, several doors below, and walked along on the roofs of the intervening buildings. Messrs. Reichardt & Seelhorst offer a stinging reward of \$25 for the capture of the thief or for information leading to his arrest and conviction. Four of the pistols stolen were Colt's double action and one was a Smith & Wesson. Two of the pistols were 44-caliber, two 38-caliber and one 41-caliber, and the numbers and description are as follows: Smith & Wesson 38-caliber nickel barrel No. 234,482; Colt's 38-caliber, nickel No. 67,241; Colt's 41-caliber blue barrel, 73,659; Colt's 44, blued, 24,671; and a white-handled army Colt's 44-caliber.

The Fourth of July Celebration.

The committee to arrange for the big fourth-of-July celebration met at the Germania on Tuesday afternoon at 4 o'clock and arranged the programme. Invitations will be extended to the two local military companies, the fire department, the gun club and the different civic societies; and a general invitation will be extended to all of the country people to come in. While it will be under the auspices of the Germania society, it will not be a Germania celebration, but everybody is cordially invited and asked to help to make it a big success. There will be a parade in the morning of all the invited societies, target shooting by the gun clubs, speaking at 2 o'clock in the afternoon, all kinds of games for children, prize-shooting, etc. There will be individual prize drills for the best military man in both companies and many other attractions. Mr. Dobert, president of the Germania society, says that they want everybody to participate. He also says that the fireworks display will be made a specialty and will be the grandest spectacle of the kind ever witnessed in Brenham.

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that if I did not like it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."

Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELZA A. GORR, of Terrace Street, Boston.

The griststone puzzle was tackled by a great many readers of the BANNER, but only a few solved it.

On Monday afternoon there came near being a serious collision between a freight and gravel train on the Central road between this city and Mill Creek switch. Both trains whistled "down brakes" lustily, and it was by almost superhuman exertion that a smash-up was avoided. In fact one of the trains going down grade was unable to stop, and the collision was only avoided by the other succeeding in stopping, reversing lever and backing out of reach of the coming train.
